in his diary is the day that  
something good happens*

*This book is fictional*  
***THE BOOK BEGINS NOW!***  
*Day 1 Monday*

*I bet your front cover showed a diary but to me it isn't much of a diary, more of the life of a non-famous legend. Where do I start? Ok let's talk about school.*

*Today is the best day of my life ever since I was born. I am moving from Tenland High School to Royal Brains High, in short I am switching schools. Basically my mum said 'You are always hurt when you come from school! I am*

changing your school'. That's actually true. I am always bullied because my head is too small and I am smart too. They believe I am a weirdo and you know once you have been called that then you should think about switching schools because it's the best advice I can ever give somebody that I am serious about. I am Mateo Martins my elder brother Miles and younger Marcus my mum Morgan and dad

*Marco. Honestly I don't know how we all became the M family.*

*When I got to school I thought it was gonna be better but I'm sitting in between dummies right now.*

*When I got home my mum asked me how my day went, I said 'It was fun' one thing you should know is that if I said it wasn't good she's gonna say I don't know how to 'blend in'*

## 2: Friday

When I got to school today there was this new girl and her name was Olivia Hart. The whole reason I include my name is because this is my crush. I know my diary might be boring but these are all introductions.

*The whole story is about to start now.*

*I got home hoping that I would shower and go on my PS5 but the moment I stepped into the living room I saw little Marcus sitting comfortably and on his little hands my controller was laying. Marcus is playing on my console. I went to mum and she said 'He was really bored at*

*home so he said he wanted to play and I gave him your game.*

*There was still one thing on my mind, how is he able to use the controls so easily. What I'm suspecting is that whenever I go on outside breaks he goes and tries my console.*

### 3: Saturday

*I slept a little long today because on every Saturday my big brother Miles will play a recording of my mum yelling at me to wake up and when I get up he will pour water on me and say 'I guess there's no need to take a*

bath now'. I woke up willingly today and once again my brother got me soaked up but something changed, he didn't play any recording.

I ate breakfast and when I wanted to play my dad said that I needed to go out and be 'active' well I went to my best friend Liam's house to play but he only had a baby's game

'numbers with naughty noah' well I guess today is my day of bad luck so I went out all day and played in the

*park while God knows who plays on my console.*

### *3: Sunday*

*When I got up today I made sure that I wore my best shirt and joggers because today was the day that I am to carry out Operation to get money from the offering box. I*

am broke and ever since last year when the pastor said that every the week the church gets \$564, I've been thinking of helping myself to some, and anyways it is called OFFERING so people offered it and I need it so I take it.

When we got to church and it was afternoon we were supposed to give offering and the moment the box came to me I dipped my hand in to get a handful but then this granny

*that was behind me snatched and went like 'Hey ked ya not allawed ta steal in tha chorch'.*

*I thought of it and I realized that I was actually stealing just that it wasn't prafesshonal.*

*4: Monday*

*When I got to school today something might have been unthinkable, when I got there the principal 'Ben Adam' was at the gate and he told everyone that there was no school, he said that there has been a little loss of teachers and that we will resume in further notice.*

*How do you think I feel? Ok let me tell you how I feel and I'm gonna be honest, I feel great. I mean I'm so*

happy right now that I can't believe my luck.

I went to Liam's house and oh his full name is Liam Adam.

When I got there I saw that half of the console has been broken and he said 'My cousin came to my house and my mum said I should let him play on it but then when he wanted to take the controller from on top of the console it fell down and broke

then when he said he was gonna fix  
it he bent it and it broke in half.

I got home and went to bed and  
anyway it's 6:55 pm so I'm good.

## 5: Tuesday

When I got to the living room my mum said that she had signed me up for a book club. It was good to be part of it. I mean I could get popular because most of Miles' classmates are popular and it was through writing. But it was bad right now because this is my only chance to play games **UNLIMITEDLY!** I tried to change what she wanted to do but well there was nothing that I

said that could change her mind.  
Now I have to go get dressed up and  
go to one alien book club just  
because she doesn't want me to play  
games all day long.

When it was the end and I went  
home my mum said that I will be  
going there tomorrow . Yes I know  
you might think that because I  
joined I am supposed to go there till  
the club stops but that's not the  
thing with my mum, whenever I join

a club and I go there my mum says that that's the end and that she only signed me up just to learn the basics, so that is why I am all pumped.

Well I guess it is FATE!

## 6: Wednesday

I got up this morning with depression because of what my mum said yesterday ("You will be going back to the club tomorrow") Well when I got downstairs I saw mum and dad arguing, mum said that I will keep going to the book club and dad said he already signed me up for a wrestling club. First I was happy not because my dad was signing me up for a wrestling club

but because my dad won the argument by winning Rock, Paper, Scissors with MUM.

Me and Dad went in the Lamborghini. When we got there all I saw was a couple men and women who all looked like they were bulls that got transformed into humans and then

Oh

My

God!!!

*I saw a man that was fat. His  
belly was almost as big as 5 babies  
inside a little sack bag.*

*My dad said that that was my coach. The first thing that came into my mind was how is this fat man able to train people to be fit and big but he is not fit. JUST TO BE NICE.*

*He gave me a big box to carry and the moment my hand went underneath to carry it I couldn't even lift it 1 millimeter above the ground, I thought that I should do something so I told him I wanted*

to use the restroom and he said  
'Oh, the fats is beginning to come  
out, go go go'

I went and then took a smokers  
fire lighter and then triggered the  
fire switch and BOOM! The whole  
place was on fire.

When I got home all I heard my  
mum saying was 'Told ya so' so I  
thought again and went into my  
room to have an early sleep.

## 7: Thursday

I woke up really early today because today was a special and um not for me for me, today is my younger brother, Marcus's birthday. I took my bath quickly and went down quickly, when I got downstairs all I heard was 'Shhhhhhhhhhhhhhhhh' apparently my mum's idea was 'So guys we're gonna go to Marcus's room and shout HAPPY BIRTHDAY' I am a lucky teen

because my little brother isn't one of those annoying ones apart from when he gets me soaked up on Saturdays so I knew he deserved it. So we went upstairs so quietly anyone would think we were professional ninjas. When we got upstairs mom popped the cracker and we shouted happy birthday just like we were instructed downstairs and when Marcus got up in a surprised mood mum threw

his gift at him. You might be thinking 'What if the gift hurts him' but there's a secret that I haven't told you, I think my mum was part of a aiming club because on all our birthday she throws our gift at us and tells us not to move and glory the gift does not hurt us we all wonder how she does but we all guess it is her talent.

When Marcus opened the box they got him a R.C car. It wasn't just

any ordinary R.C car, it was a X-Treme Ultra-Mega Powered Mini R.C, I know the name might be long but the car really deserves that name. It is Extreme, Ultra, Mega, Powered and Mini.

Even by the look in Miles's eyes I could tell he was jealous. Suddenly I didn't know what came over me because I went like this

*'Miles*

*is*

*Jealous!'*

When Marcus already  
took his bath we went down  
to eat breakfast and just  
like every year Marcus got a  
junk food and we got an an  
an hhehealthy food!

When we were preparing  
for the party I asked Marcus  
if I could use his his book and  
just like I expected this  
selfish boy didn't give me to

*use and see the language that  
I used.*

*“Hey Marcus can I just  
play with your RC car,  
please?”*

*“No, no, no, no, no, no, no  
—”*

*“I let you use my gift last  
year and you destroyed it but  
still you don’t let me use  
yours”*

*“Talk!!!!!!!”*

***“MUM!!!”***

*“No no please Marcus  
don’t”.*

*Well after a little talking  
Marcus didn’t tell off me but  
he didn’t let me use his gift  
RC either.*

*Last year on my birthday,  
I let Marcus use my gift*

which was a car well not a real car, a car that is small but you could ride in, it was electric. When I allowed him to use it he destroyed it when he used the remote control to ride it to mud. The mud went into the engine and it got destroyed. THE END.

Don't be surprised if I don't write dates at the top.

*I had been planning what I  
want for my next birthday and  
here's the list.*

<i>Real Car</i>	<i>Meet an actor</i>	<i>Get \$10000</i>	<i>Go to Huawei</i>
<i>Go to the zombie forest thingie</i>	<i>???????</i>	<i>????????? ?</i>	<i>????????? ?</i>

???????? ?	???????? ?	??? ???	???????? ??
???	???	???	???

*Sorry for wasting your time on those question marks but that's where I got to well I was thinking of having a superhero picture. Hey I can't write for much longer.*

*THE END.*
